

FOR PATIENTS TREATED AT A CLINIC ABROAD

Your ultrasounds and blood tests, close to home

Your clinic has partnered with Fertilitet Plus so you can do your monitoring – ultrasounds and blood tests – here in Sweden, without travelling back and forth. Warm, personal care, no referral and no waiting times.

YOUR CLINIC'S CODE

Trianglen10

Enter this code when you book to get 10% off your consultation.

What you get

Ultrasound monitoring

Follicle & lining scans, performed by a doctor at our Stockholm clinic.

Blood tests & hormones

Timed to your cycle, with referrals sent to the lab.

A named contact

One person with you throughout – from consultation to results.

How to book – three steps

1

Book & add your tests

Book online, enter your code **Trianglen10**, and add your test list/protocol in the booking (not by email).

2

Consultation

By phone or at our clinic in Stockholm or Göteborg, a nurse or midwife reviews your tests and plans your monitoring.

3

Referrals & sampling

We issue referrals for your blood tests and book your ultrasound. Your results are delivered to you.

What it costs

Consultation for treatment abroad

1 200 kr

By phone or at our clinic in Stockholm or Göteborg · with a nurse or midwife

Ultrasound (Stockholm)

1 900 kr

Follicle / endometrial monitoring, performed by a doctor

Blood tests

Added separately

Priced individually, quoted after the protocol is reviewed

Prices in SEK. Blood-test and lab costs are added on top and depend on the analyses requested. Please note: a few tests cannot be carried out with us (e.g. chlamydia and cervical/cell samples).

Good to know

Consultation By phone or at our clinic in Stockholm & Göteborg, with a nurse or midwife.

Ultrasound At our Stockholm clinic, performed by a doctor.

Add in the booking Your test list should already be added in the booking – not by email (GDPR). Bring valid ID.

No referral needed No referral and no waiting times – book online any time.
